

Rely On The Institutional Experts

4041 SUPER SMOOTHIE FOR HANDICAPPED DOORS

Spring power adjustable at the job site, from size 1 through 6, to handle small & large doors with exact power required. Non-handed. Heavy duty door closer engineered with lowered spring power (can be set below 5 lbs. to meet many interior barrier free requirements) to provide easier opening for the handicapped. Identical in appearance & size to the 4040.
